ABOUT US

Projexasia is a general contracting company specializing in interior fit-out design and build projects. Whether we are working on small, bespoke works, or a large-scale project, our focus is on setting the standard for interior services. Central to this is our commitment to consistency which help us to deliver predictable outcomes for our Clients, regardless of their building type, location or the sector in which we operate. We transform empty space into our Client's vision. Our teams have delivered bespoke interiors for some of the worlds most successful and well-known organizations in their respective fields. Working with their consultants, or interpreting their brief to deliver an interior project, our collaborative approach has resulted in the successful delivery of projects for our Clients.

THE PROJEXASIA DIFFERENCE

The best results come from the best people. Our experienced and knowledgeable design and construction team combine a creative edge with a thorough, pragmatic approach to our Client's project, whatever the size. We believe that open communication is the key to great working relationships. So at Projexasia, we are committed to maintaining a dialogue with our Clients at every stage of a project. We listen carefully to what each Client wants and develop solutions that deliver their vision within budget and timescale. We set the bar high, aiming for nothing less than 100 percent satisfaction. That's why we appoint a senior and experienced professional Project Manager to every project, dedicated to ensuring that all aspects of the project run smoothly from initial briefing to final handover.

A PARTNER YOU CAN DEPEND ON

Earning your trust is something we work hard at every day. Above all else, that is the foundation for a true partnership. Our dedication to you starts with the team we handpick for each project, and the commitment each team member makes to achieve our Clients goals. It continues with the tremendous resources we provide our teams, including knowledge and capabilities shared across market sectors supported by industry leading values in safety, sustainability, ethics, diversity and inclusion. This is an approach that works, as we consistently deliver projects that meet our Client's expectations.

SERVICES

With our key focus on retail, corporate, hotel and residential sectors, Projexasia provides the following services:

DESIGN

Our multi-disciplinary design team can capture the spirit and uniqueness of a space and approach each project with a fresh perspective. As well as having excellent technical skills, our designers possess excellent communication and presentation skills to ensure that no matter the type of project, our Clients' can expect unparalleled service and a seamless process. We combine our creative and professional expertise with the latest technology coupled with a global design approach to produce value added design.

IN-HOUSE BUILDING MATERIALS PRODUCTION

Projexasia strives to continually develop a fully integrated service by investing in facilities for the in-house production of architectural products. We have several building product manufacturing workshops for joinery, mechanical (HVAC) and GRG/GRP moldings. This ensures consistent program dates and efficient budget management.

Our Joinery division (Hannah Group Inc.) represents experience, technology and quality with the capability of producing kitchen cabinets, wardrobes, vanity units and decorative architectural products on a large scale using our computerized machinery including CNC routers.

QUALITY ASSURANCE

Projexasia is **ISO 9001** accredited. Our Zero Defects Policy is a thorough on-going procedure that ensures all work is carried out to the highest levels of quality and finish. In order to continually improve the way in which we operate in delivering high quality projects, we benchmark every aspect of our work and carry out detailed audits to measure the performance of our supply chain and the quality of workmanship.

PCAB ACCREDITATION

Projexasia is a licensed Construction Company registered with the Philippine Contractors Accreditation Board (PCAB).
